THE SYNOD ADJOURNS
Session Was Highly Satisfactory to the Delegates Present.
QUESTIONS AMICABLY SETTLED
Committee on State of Church Shows Progress of Lutheranism.

COMMITTEE APPOINTMENTS
Special Dispatch to The Evening Star.
YORK, Pa., June 2.—The general synod of the Lutheran Church adjourned last night after having been in session for eight days.
It was expected previous to the convening of the convention that the questions to be settled would involve not only discus- sion, but possibly some feeling on the part of the delegates. Happily, this has not been the case, for the matters that agitated some of the learned doctors were amicably adjusted, and the delegates are in the best of spirits over the work accom- plished and the bright possibilities that confront the church at this, the close of the thirty-ninth convention.
The Lutheran Historical Society, an or- ganization of the church for the gathering of Lutheran literature, and composed of the members of the synod, met yesterday after- noon. Rev. M. Sheeleigh, D.D., of Fort Washington, Pa., is the president, but in his absence the vice president, Rev. G. U. Wenner, D.D., of New York, presided. Rev. J. W. Richard, D.D., of Gettysburg, Pa., the curator, presented his report. The old officers were re-elected.
In the report of the committee on Sunday schools, presented by Rev. D. H. Bauslin, D.D., it was stated that they found the International Sunday school lessons entirely inadequate for the Sunday schools, as they were not in conformity with the church year. It was therefore recommended that a committee be appointed to pre- pare a series of lessons for primary and intermediate classes, and to report two years hence. The president appointed this committee: Rev. Charles S. Albert, D.D., of Philadelphia; Rev. W. H. Dunbar, D.D., Rev. Charles G. Bickie, Mr. Fred N. Wefer and H. E. Pohlman.
Under the consideration of the report of the board of education as unfinished busi- ness the synod voted to give to Carthage College \$15,000 as asked for. The new board of education was announced as fol- lows: Education—Revs. M. Rhodes, D.D., H. C. Hatticox, D.D., H. W. Kuhns, D.D., A. E. Wagner, H. N. Saylor, Amos Miller, T. E. Dewey and Henry Sprick.

Report on the State of the Church.
The report of the committee on the state of the church was made by the chairman of the committee, Rev. W. E. Parson, D.D., of Washington, D. C. The report dealt with the relations of the Lutheran Church to all other denominations, which were shown to be harmonious. The report dealt also with the new spirit of fellowship between the various divisions of Lutheran- ism in this country. Separation was de- plored, and the feeling of the church de- clared to be favorable to a closer fellowship.
The report says: "Nearly 5,000,000 of the population of the United States are ad- herents of the Lutheran faith. One-eighth of these are in the general synod. Our methods are continuing success so far as the instruction and confirmation of the young are concerned. The baptized infants number 24,000; confirmations, 10,000; communicants, 102,000, a gain of 7,000. The Sunday schools grow in numbers and in interest.
"The care of the orphans and the aged is receiving larger attention.
"The educational work in the west re- ceived a great impetus.
"The general synod congratulates the church that there has been a happy settle- ment of several vexing questions, and the way is now open to the more pressing and practical work of establishing missions."
The new committee on the state of the church was announced as follows: Rev. E. J. Wolf, D.D., Rev. J. A. Hall, D.D., Rev. D. M. Gilbert, D.D., Rev. John C. Schreyer, Mr. John Selman, George J. Bortz and Garrett H. Becker.

Reports of Committees.
The report of the German Theological Seminary at Chicago, which is to be dis- continued and transferred as a separate department of the Western Theological Seminary at Andover, Kan., was presented, and in connection therewith some words of praise were expressed regarding the splen- did work of Rev. J. D. Severinghaus, D.D., who has had charge of the work at Chicago for a number of years.
J. H. Knollenberg of Richmond, Ind., the treasurer of the German Theological Sem- inary, offered to accept \$3,000 in full for his claim of \$5,750. The board of trustees after the property had been sold, had agreed to be used to endow a chair for the German professorship at Andover, Kan.
The committee on resolutions made a re- port protesting against the seating of Pres- ham H. Roberts in the national conven- tion, also another resolution deploring the growing spirit of Sunday desecration.
The abolition of the army canteen was also urged. A resolution was also adopted thanking the congregations and other or- ganizations of York for their kindness.
The tenth anniversary of the desecration board of the general synod was held this evening in St. Paul's Church, the president of the board, Rev. J. W. Wenner, D.D., presiding. Addresses were delivered by Rev. J. J. Young, D.D., of New York city and Rev. E. K. Bell, D.D., of Mansfield, Ohio. Dr. Young emphasized the need of parish care, and spoke of the great aid that had been to the churches in New York city. Dr. Bell spoke of three facts to be borne in mind: First, the need of a more hearty support of the mother house at Baltimore; second, to call the attention of the young women of the church to the blessedness of the domestic work; third, a more generous support of the desecrated cause. The meeting closed with the singing of the Kaiserwacht desecration hymn.
The Parish Education Society, another organization within the general synod, held a meeting and heard the report of Rev. E. J. Wolf, D.D., the treasurer. This society aids young men in studying for the minis- try. Rev. John Tomlinson was elected pres- ident.

Delegates to Other Synods.
Delegates to other synodical bodies of the Lutheran church and to other Protestant denominations were reported, as follows: General Council, Rev. C. L. McCann, D.D., United Synod South, Rev. H. K. Penner, D.D.; Norwegian Synod, J. M. Rutherford, D.D.; Reformed Church, Rev. S. S. Walz, D.D.; Presbyterian, Rev. D. H. Bauslin, D.D.; Reformed Church in America, Rev. J. A. Singmaster, D.D.; United Presby- terians, Rev. H. Max Landis.
The Cuban commission, the organ for the synod was also appointed, composed of Rev. W. S. Freas, D.D.; Rev. W. E. Par- son, D.D., and Rev. J. J. Young, D.D.

Stock adjustments demand the closing out of certain lines of our suitings. To accomplish this adjustment quickly we have grouped together about one hundred pieces for quick selling, and have placed them at the quick-selling price of \$9.
In some cases the price has been cut one-half, but there is not a piece of goods in the line that is not worth at least two-thirds more.
The suits will be stylishly cut, and will be well made and finished in every particular. Beautiful colorings and many varieties---the price will naturally set you wondering at the quality---no need of that, tho', as the goods occupy a high place in the world of excellence.
To be sure we are asking an uncommonly small price---but we know we will make many new friends, and our old friends will appreciate this offering, and all will observe how we hold the first place of merit.

GENERALS IN CONFERENCE.
Questions Regarding the Welfare of Cuba Discussed at Havana.
A dispatch from Havana yesterday says: Governor General Brooke and the govern- ors of the military departments had a con- ference lasting three hours today, regard- ing the general situation in the island. They then had luncheon together, after which another two full sessions were held with a less formal discussion. The principal topic was how to revive agricultural life and how to give work, instead of food, to the destitute. The propriety of buying oxen and implements was strongly urged by Major General Wilson, governor of the Matanzas-Santa Clara department, and his arguments received a full consideration.
A majority of the conference, however, was rather opposed to this plan, and no definite conclusions were reached. But the full exchange of views will probably re- sult in greater uniformity of administration.
Patrio Valdez and Antonio Perez, citi- zens of Havana, say that on Monday, while in search of work, they reached Rincon, in this province. They found no work there, but a Cuban captain gave them food and a night's lodging, and on the next day they resumed their search.
Eventually they arrived at the plantation Delicias, between Rincon and Santiago de las Vegas, which they entered with the in- tention of gathering fruit. Suddenly they came upon men in drill suits, without insignia, evidently sentinels. Whistles were blown, and others emerged from the bushes. A tall mulatto, called Captain Guerra, gave Valdez and Perez food, ask- ing them whether they wanted to join his band and apportioned their fortunes. They refused to do. At the house there were good horses, and the party, which num- bered about twenty, were given a duplicate of the Spanish flag, except that instead of arms it bore a triangle inscribed with the letters "U. N. O." The men were well armed, and apparently had money.
Cubans in Havana say that Jose Manuel Guerra, a mulatto captain, who dis- appeared from the army last April, an- swers the description given of the leader of the band. La Discusion, publishing the story, says that Guerra offered to send money to the families of men who would join him.
The sensational rumors regarding the health of Gomez are entirely without founda- tion. Inquiries this afternoon at a light house, Molina, yielded the information that Gomez would probably be in the saddle tomorrow, and would certainly be able to transact ordinary business.
The Cuban commission, representing mortgage creditors, who were to have gone last week to Washington, but at the last moment postponed their departure, will sail tomorrow. They expect to show Pres- ident McKinley that an immediate and im- portant modification of the decree now in force is imperative in connection with the passage of the bill. The commonwealth, they say, the reconstruction of the country will be delayed.
Colonel Randall, continuing the distribu- tion of the American gratuity, paid \$75 each to 175 men today at Melena, this province. He used the freight shed at the Melena railway depot as his office. Fifty applicants were rejected, either because they had no arms or because their names were not on the rolls, or because they lacked proper identification.

PENNSYLVANIA RUBEY CASES.
Several Arrests Made Yesterday of the Alleged Participants.
Ex-Representative M. K. Kulp was ar- rested at Shamokin, Pa., last night, on charges of having attempted to bribe Rep- resentative Brown of Union county to vote in the interests of Quay for re-election to the United States Senate, and for alleged perjury while testifying before the legisla- tive investigating committee. Mr. Kulp waived a hearing and entered \$800 bail for his appearance at court.
Charles B. Spatz of Boyertown, Pa., charged with having offered Representatives Held and Miller of Northampton county a bribe to sign a paper pledging their votes to George A. Jenks, the demo- cratic caucus nominee for United States Senator, appeared before a justice of the peace in that place yesterday and waived a hearing. He was held in \$800 bail. Spatz surrendered himself on the advice of counsel.
Ex-Senator John J. Coyle and Michael J. Costello of Philadelphia, against whom information has been made for conspiracy to bribe in connection with the passage of the McCarrill bill and the Pennsylvania sen- atorial court, were arrested in Harris- burg and entered bail in \$800 each, and waived a hearing. The Commonwealth Trust Company furnishing their bond. Mr. Coyle also gave bail on the charge of cor- rupt solicitation.

PUBLIC DEBT STATEMENT.
A Decrease of \$3,495,857 During the Past Month.
The monthly statement of the public debt shows that at the close of business May 31 the debt less cash in the treasury amounted to \$1,368,801,407, a decrease, as compared with last month, of \$3,495,857. This decrease in the debt is accounted for by an increase in the cash on hand. The debt is recapitulated as follows:
Interest-bearing debt, \$1,040,048,739; debt on which interest has ceased since matur- ity, \$1,218,350; debt bearing no interest, \$30,298,429. Total, \$1,436,475,500.
This amount, however, does not include \$55,547,613 in certificates and treasury notes outstanding, which are offset by an equal amount of cash in the treasury held for their redemption.
The cash in the treasury is classified as follows: Gold, \$29,201,427; silver, \$98,110,172; paper, \$46,065,783; bonds, deposits in national bank depositories, disbursing off- ices' balances, etc., \$812,149,681. Total, \$888,667,063.
Against this there are demand liabilities outstanding amounting to \$30,482,929, leav- ing a net cash balance in the treasury of \$267,884,094.

COL. PATY DE CLAM ARRESTED.
Charged With Forging Documents in the Dreyfus Case.
PARIS, June 2.—Lieutenant Colonel Paty de Clam, seriously implicated by the re- cent proceedings before the court of cas- sation as the probable instigator of some of the forgeries that have figured in the Dreyfus affair, was placed under arrest at 7:30 o'clock last evening and taken to the Cherche Mid military prison.
The officer sent to arrest him visited his house thrice before he found him, and de- clined to give any information as to why the arrest was made.
The Libre Parole, anti-Dreyfusite, pub- lishes a letter this morning from Paty de Clam to the minister of war, M. Kautz, protesting against "the attacks of which I am the victim," and claiming the right to be permitted to prosecute his accusa- tions, or, as an alternative, asking "the favor of a trial by some court or other."

REPAIR OF THE BROOKLYN.
Will Cost \$8,000 and It Will Take Twenty Days.
Constructor Bowles at New York has in- formed the Navy Department that it will cost \$8,000 and take twenty days' time to repair the injuries sustained by the cruiser Brooklyn in touching bottom at the en- trance of East river off the Battery, Me- morial day.
In view of the accident to the Brooklyn there is considerable interest at the War and Navy Departments in a bill that was left pending before the last Congress for the deepening of the upper section of New York harbor. A very full survey was made of the shoals around the Battery and the error's Island by Maj. Adams of the en- gineer corps in 1897-78. The estimated cost of the work was \$2,210,000. The estimates provide for the removal of Diamond and Coonties reefs, and the deepening of the main channel between the Battery and Governor's Island eastward to the Butter- milk channel.
